Dear Sir:

I am inclosing an old
Spanish coin

would like to find out
if it is of any value

would it be worth anything
to you? If so how much?

I am an old woman in my
87th yr & am invalid and not
able to care for my self in bed
a good part of the time. My

Dear Madam:

I am very sorry to say that we cannot use your coin; also the piece has very little value. It is a common coin and being worn and with a hole in it, is of no use to collectors. It is worth only that it would bring for old silver.

I am herewith returning it.

Very truly yours,

Curator
